

Dear Sir/ Madam,

I'm writing this in response to a job posting that I came across for the open Senior Python Developer position in emetriq GmbH.

Please allow me to introduce myself, my name is Nabeel Emamudeen. I have over 6 years of expertise in Software Architecture and Development as a Python and Full Stack Developer, thus I believe that my abilities and expertise would be an asset to your organization.

I have a stellar record of creating and implementing scalable, dependable, and efficient applications. I've worked with a range of coding languages and developmental frameworks, and I'm up to date on the newest software architectural trends.

In my previous role as a Full Stack Developer, I had the chance to collaborate on a wide range of projects. I've been involved in projects varying from simple programs requiring only very few coding lines to complicated systems requiring 1000s.

Here are some of my professional highlights:

- I have a thorough familiarity with the **development cycle** and am fluent in several programming languages.
- I'm also familiar with several **software development strategies** and can choose the best one for the job.
- I am also capable of taking direction and I'm always keen to learn new skills.
- I have a strong background in C, C++, Python, REST APIs, PHP, TypeScript and JavaScript.
- I'm also familiar with Oracle, SQL Server, PostgreSQL and MySQL.
- I have deep expertise in Frameworks like Django, Flask and Angular.
- I've worked on initiatives ranging in size from small-scale personnel to large-scale companies.

I am optimistic about my ability to swiftly grasp any new programming techniques or frameworks required for this employment. I am indeed confident in my ability to promptly learn how to utilize any innovation tools required for this role.

Thank you for allowing me to convey my enthusiasm for the Python Developer position. I've attached my resume for your review. I appreciate your time and thoughtfulness. I'm hoping to hear from you shortly.

Sincerely,

Nabeel Emamudeen
